NEW COURSE

SAF511 - Occupational Safety and Health Standards for General Industry (OSHA 511) - Oil and Gas Emphasis

OSHA 511 | 31 Hours | 3.1 CEUs | \$695

SAF511	Jan 17-20, 2012	Harvey, LA
SAF511	Feb 14-17, 2012	New Iberia, LA

SAF800 - PEC Basic - SafeLand Orientation

8 Hours |

This safety awareness course was designed to take the place of multiple operator orientations and to give each student a general idea of life and safety issues in the oil and gas industry, upstream, downstream, onshore or offshore.

This one-day program meets API RP 75 & API RP T-1 requirements and provides a basic understanding at an awareness level of certain general safety information that an employee should know before entering a company facility and while performing their assigned work duties.

More than 25 of the leading oil and gas operators accept this orientation as it meets their requirements. Upon successful completion of this course, each student is issued a picture ID with a unique barcode. The student information is then stored in an online database. This orientation has become the standard program for the industry and certifies a student at awareness level.

NOTE: For more information or to schedule a class, call 800-723-3811.

SAF801 - PEC Basic - SafeGulf Orientation

10 Hours |

This safety awareness course is designed to take the place of multiple operator orientations and to give each participant a general idea of life safety issues in the oil and gas industry offshore operations.

This one-day program meets API RP 75 & API RP T-1 requirements and provides a basic understanding at an awareness level of certain general safety information that an employee should know before entering a company facility and while performing their assigned work duties.

More than 25 of the leading oil and gas operators accept this orientation as it meets their requirements. Upon successful completion of this course, each student is issued a picture ID with a unique barcode. The student information is then stored in an online database. This orientation has become the standard program for the industry and certifies a student at awareness level.

Online Training Courses

The Texas Engineering Extension Service (TEEX) offers the following online safety-related courses:

- OSO510 - Online Occupational Safety and Health Standards for the Construction Industry
- OSO511 - Online Occupational Safety and Health Standards for the General Industry
- SAF911 - OSHA 10-Hour Construction Outreach Trainer
- SAF912 - OSHA 30-Hour Construction Outreach Trainer
- SAF913 - OSHA 10-Hour General Industry Outreach Trainer
- SAF914 - OSHA 30-Hour General Industry Outreach Trainer

For more information or to enroll in a course, visit teex.org/osha or call our Customer Care Center at 800-SAFE-811 (800-723-3811).

Overview - TEEX Certified Safety & Health Official™ (CSHO) Program

The Texas Engineering Extension Service (TEEX) offers the TEEX Certified Safety & Health Official™ (CSHO) Program to safety professionals in private industry and government agencies. The TEEX CSHO is an industry-recognized safety program that consists of five to 12 core courses, plus two to four elective courses depending on the TEEX CSHO track selected. Since the program was initiated in 1998, more than 1,500 safety professionals have earned the TEEX CSHO certificate, with an additional 1,000 working toward completion of the program.

Gain a solid and broadly based education in the safety and health field with 225 or more hours of training by nationally recognized instructors. Additionally, your TEEX Certified Safety & Health Official™ certificate qualifies you for 18 hours of college credit toward an Associate of Applied Science in Occupational Safety through San Juan College. Participants can continue to earn a Bachelor of Applied Arts & Sciences Degree and a Master's Degree from Texas A&M University - Commerce.

The TEEX CSHO program is completely self-paced. There are no time limits, no annual CEUs, and no membership dues required.

For more information, visit teex.org/csho or call our Customer Care Center at 800-SAFE-811 (800-723-3811). **Certified Safety and Health Official™ is a trademark of the Texas Engineering Extension Service.**
